LIVINGSTON

John Lear, traveling salesman for the Paris Grocery Co., was here Tuesday—Mrs. C. E. Rice is on the sick list this week.—Mr. Pittman, of Pittsburg, is visiting his daughter, Mrs. W. I. Sams, at this place.—Ed Woodall, of London, was here between trains Tuesday.—We have not been fishing yet but think in the near future we will stroll off with a party of fishers in search of our portion of the finny tribe.

We are having a season of quietude in Livingston at the present; no fights or any lawless doings now; the devil must be chained, or it is the calm preceding a storm, so we are having a love feast just at the present—Judge Bethorum and Circuit Clerk, Hugh Miller, were in our town Friday.—Mrs. J. C. McGuire has returned to her home at East Bernstadt after a weeks visit to relatives here.—Col Sam Ward was in town Sunday.—"Uncle Geo. Pope continues about the same.—There is some talk of the Eight Gables hotel changing management; Jones will retire and John Pope will take charge.—Miss Rebecca J. Woodson, one of Livingston's pretty girls, is visiting in Laurel county this week.—Judge Joe Magee, of Crab Orchard, is here this week armed with a minnow bucket and fishing tackle.—L. H. Davis and others left to day for a two days' fishing trip up the river.

Mrs. Ab Sparks and children, of Mt. Vernon, have been visiting her sister, Mrs. H. D. Magee.—Mr. and Mrs. Hamp Heard, of London, have been visiting Mrs. Sue Mullins at this place.—Mrs. Nora Jenkins and children are visiting in Louisville this week.—Chief Dispatcher Lemonds has returned from Paris, Tenn.—Mrs. A. W. Bourne and Mrs. C. A. Blanford were in London Saturday.—J. W. Baker, of Mt. Vernon, was here Monday.—Rev. Livingston will preach here the first Saturday and Sunday in each month.—Dock Jones, of the Sand Hill section, is confined to his bed with rheumatism.—Mrs. Oscar Argenbright and Children are visiting in Corbin.—Miss Grace Griffin is visiting relatives at Hazel Patch this week.—J. H. Dickerson has moved into his new brick store room, and we want to say that his store is hard to beat.—E. L. Cockrell is moving his stock of goods into the I. S. Calloway store room.—S. E. Pennington is having a new fence built around the hotel.—Mr. Thomas Farley has repaired his houses by putting new roofs on them.—The Livingston Lumber Co. have started their mill again; the section has taken on a lot of new hands and there is plenty of work for those that want to work, but the hardest job for some is to try to keep out of work.

A very sad affair occurred a few nights ago when Oscar Ponder, son of Dan Ponder, while trying to jump on a moving train had his foot so badly mashed that the doctors amputated it just below the knee. What ever caused the boy to do this knowing the danger as he did, is a puzzle to us. He is a splendid boy and we regret the accident very much.—Fishing now is the go in Livingston. Fishing parties are to be seen on all sides. There have not been many caught yet. The luckiest man up to the present is B. Hagan, who always catches his share.—Judge Chenault of Richmond, who owns a tract of land down the river on which is located a coal mine, is here surveying. We have not learned his intentions, but judge that he intends to operate the mine.—Edgar Mullins, traveling salesman of Mt. Vernon, was in our city Tuesday.—Mr. and Mrs. John Baker, Jr. were in Mt. Vernon Tuesday visiting relatives.—John Graves, of the Sand Spring section, was in our town Saturday.—"Old Necker" as he is familiarly known, is still as full of life as ever.—Well, after we laid our almanac aside and upon rising a few mornings thereafter, we beheld the greenness. The trees had put forth their leaves, the grass was putting forth its blades, the birds were singing new songs, you could hear the farmer humming a Spring time melody as

he goes about his planting. Soon the fragrant flowers will put forth their beautiful blossoms; then we say no wonder all nature smiles in the Spring time.

LEVEL GREEN.

Mrs. Leoma Broyles of near Stanford, was visiting here last week.—At y. R. L. Brown, of Somerset, spent Sunday with his mother here.—Misses Jennie and Joe Mavis and Mrs. J. B. McKenzie, of Mt. Vernon came down last Friday to attend the burial of their grandmother, Mrs. Denny.—The farmers are busy now planting corn. A great many of them are trying it this year without fertilizer. They think they will save the money they would have spent for fertilizer to buy corn with next year.

Vic Price was in the city of Maysburg last Sunday afternoon.—Born to the wife of Ray Johnson on the 7th a fine boy.—Floyd Gentry, who has been attending school at Plato has returned to his home near Quail.—There is still more Pulaskians coming over and securing schools. We can count four or five of our nearest schools that have employed Pulaski teachers. Of course if they were qualified they could get certificates and teach in their own county, but they are not and therefore root the Rockcastle teachers out of their schools. There are lots of boys and girls that their parents have done without their work and sent them to school to educate them, that will be knocked out of schools by outsiders, which I think the trustees and Superintendent should put an end to.

Mr. and Mrs. Estil Price spent Sunday with their mother, Mrs. T. I. Price.—Mrs. Katie Catron is better. The little child of Sim Denney, that has diphtheria, is also improving and there is some hope of its recovery.—J. M. Craig was in this section Tuesday engaging wool at the very low price of 15 cents, while others are offering only 10 cents.—"Uncle Bill" has been very sick for the past two weeks.

On last Friday at four o'clock p. m. death claimed for its victim "Old Aunt" Eliza Denny, aged 89 years. She was raised in this county but about 18 years ago she moved to Missouri and lived there until something near a year ago, when her son brought her back to Kentucky, and since that time has lived at the home of A. C. Sowder, where she was attended with the greatest care till the end came.

BRODHEAD.

Rev. J. W. Carter and wife are visiting Mr. and Mrs. J. F. Carter. Mrs. Carter will probably stay in Brodhead until June.—Mrs. Susie Tharp and son, Carl, have returned home from a visit to her sister, Mrs. Schubert, at Defiance, Ohio. Egbert Wallin and wife met them in Cincinnati.—Mrs. T. J. Pennington and children, of Livingston, have been visiting Mrs. O. A. Frith.—Miss Carrie Spoonamore who has been with her brother, P. A. Shelton, for several months will return to Louisville soon to take another treatment from Charlie Whittemoon.

A crowd of the young folks attended the party given by Joseph Carter at his home on the ranch last Friday night. Everyone had a delightful time. Last Saturday night they went on a hay ride to a party at the home of Robert Taylor in Maysburg and another good time was reported. Sunday the same crowd attended the dedication of the new church at Hiatt, by Rev. A. J. Pike.—Dick Newland the insurance man from Stanford was in town Tuesday.—Mr. and Mrs. L. B. Hilton, of of Stanford spent from Saturday until Monday morning with Mr. and Mrs. J. R. Cass.—Mrs. R. L. Collier and Miss Clara Collier, of Crab Orchard were in town Wednesday advertising for the play entitled "Brother Josiah", which was played here Thursday night.—Roy Robins is looking very bad after taking the third degree in K. of P. Tuesday night at Crab Orchard.

MEMBER OF
KENTUCKY PRESS ASSOCIATION

Senator James B. McCreary spoke vigorously in the interest of his candidacy for the Democratic nomination for governor at Burlington, Boone county last week. He made known his views on some of the most important questions of the day.

He said he favored the divorce of the state penal institution from politics and an examination and inspection of banking institutions. He also declared for the election of the United States Senators by the direct vote of the people. He said in part:

References have been repeatedly made to a convention to adopt a platform and also to certain State questions now being discussed.

In the interest of the harmony and united Democracy I am in favor of a State convention of Democrats to be held after the primary election is held to adopt a platform. The plan of holding a State convention and adopting a platform after the primary election is held has been tried in Georgia, Alabama, Tennessee and other Southern States and gave satisfaction.

"I am in favor of general improvement of our educational system. There should be better schools, better school houses and more of them, and more school children in attendance, and better pay for the teachers, and there should be county high school in every county as authorized by the existing school law. Education is the foundation of progress and if the people are properly and intelligently educated, necessary progress is sure to come.

"There should be such legislation as will provide better roads and bring the roads in each county of Kentucky to a high state of efficiency. The cost of bad roads is a continuing heavy expense and the best remedy is the construction of good roads.

"Tax revision is desired by many persons, and it is asserted that the business interests of the State demand it. Two commis-

sions, after considering this subject reported in favor tax revision. If I am honored by being elected Governor, I will improve any bill passed by the General Assembly providing for the submission to the voters of the State an amendment to the constitution of Kentucky Assembly to revise our present tax system. This important matter will thus be left to the voters of the state to decide whether the General Assembly shall be authorized to revise tax system.

"I favor divorce of the State penal institutions from politics and nonpartisan management of the State Fair, and of the farmers' institutes required to be held in each county.

"I favor business examination and inspection of banks; election of United States Senators by the direct vote of the people; organization and co operation among our farmers and also among laboring men; faithful upholding of the cardinal principle written by Thomas Jefferson, which declares in favor of freedom of religion, and also of that part of the Constitution of the United States which declares religious qualification never be required as a qualification to any officer of public trust under the United States, and which is also substantially set forth in Section 5 of the Constitution of Kentucky.

LOST APPETITE AND HOPE

Neglected Cold Caused Complication, Promptly Restored by Peruna.

Mrs. Rosa Boyer, 1421 Sherman Ave., Evanston, Ill., writes: "If any one has reason to praise Peruna it is surely myself."

"Last spring I became so run down from the serious effects of a lingering cold, that several complications united in pulling me down. I could neither eat nor sleep well, and lost flesh and spirit."

"I finally tried Peruna and it did wonders for me. In two weeks I was like another person, and in a month I felt better than I ever had before."

"I thank Peruna for new life and strength. I send you two pictures, so you can see what Peruna has done for me."

Nothing disturbs the human system more than pain whether it be in the form of headache, backache, neuralgia, stomachache or the pains peculiar to women. Dr. Miles' Anti-Pain Pills are a standard remedy for pain, and are praised by a great army of men and women who have used them for years.

"A friend was down with LaGrippe and nearly crazed with awful backache. I gave her one Anti-Pain Pill and left another for her to take. They helped her right away, and she says she will never be without them again."

Mrs. John Hurd died last Friday of consumption.

If you need a Cultivator, Mowing Machine or Hay Rake see Fish.

Sam Price, a son of Andrew Price, held the lucky ticket for the Free Sewing Machine given away last Saturday by Mr. J. Fish.

A small child of Ed Price and a 4 year old child of George Henry McClure, of the Skeggs Creek section died last week of measles.

W. J. Sparks and Dr. A. G. Lovell were re-elected Saturday as trustees of the Graded School, which place they so well filled last year.

Mrs. K. J. McKinney died Tuesday morning after an illness of only a few days. She first took measles and later pneumonia developed. She leaves a husband and several small children.

Prof. Houston has been employed as principal of the Graded School for another year, a wise selection. If there has been any action taken by the board as to the other members of the faculty we have not been so informed.

CARD OF THANKS:—By this means we desire to express to those who were so very kind to us during our recent sad bereavement, our appreciation. The many kind words and deeds of sympathizing friends, made easier our burden.

MR. AND MRS. A. C. HIAFF

Chas. C. Davis, our enterprising druggist, who is also the ice man, has recently bought an ice wagon, for use in delivering his ice. Should a stranger peep out in the early morning and see the ice wagon as it makes the round of delivery would think he was in some city. Mr. Davis goes upon that sound theory that it is a thing is worth doing at all it is worth doing well, and has therefore made all necessary preparations for the handling of ice, one of the summer necessities.

On one of his recent trips here "Smiling" Dave Jackson, the popular store and tinware salesman of London, who was born on January 27th, 1856, on meeting his old friend and customer, Jonas McKenzie, greeted him with "howdy son". Mr. McKenzie remarked "I am as old as you". It was ascertained that Mr. McKenzie was also born on January 27th 1856. Mr. Jackson says it was the first instance of his experience of having met a man of exactly his own age.

A history of Rockcastle county has never been written. Wouldn't it be a good idea for some one or several, collaborating, to undertake such a work while the remaining older inhabitants are yet with us, and who can give much information bearing on points of interest in such a history? If not begun soon it will be too late to gather much valuable matter that will be forever lost. It is to be regretted that something in this line was not started years ago.

A special train carrying the "Louisville Boosters", will start from Louisville to Middleboro, on May 22nd. A short stop will be made at Mt. Vernon. Our good friend "Smiling" Dave Jackson as the representative of the Louisville Tin and Stove Co., will be one of the party. These "Boosters" are either the headmen themselves or the representatives of the wholesale firms of the city of Louisville, and the purpose of these trips is to get acquainted, establish a closer relationship between the city and rural districts, by which means trade may be brought to Louisville which is now going out of the state.

On May 22nd, the Louisville Boosters will visit Mt. Vernon, and it has been suggested by some of our leading business men, that a meeting be held in the Court House Monday evening for the purpose of naming committees, and make preparations for a cordial greeting when they reach Mt. Vernon. While Louisville is being boosted, let us not lose the opportunity of boosting Mt. Vernon a little too, and in no more effective way can it be done, than by giving to this delegation, which represents the wholesale interests of our metropolis a hearty and cordial greeting. We hope to see a goodly number in attendance at the court house next Monday evening.

CARD OF THANKS:—To those who were so kind to us during the sickness and in the death of our darling baby boy, Ralph, we want to express our heart felt thanks. MR. AND MRS. C. P. REYNOLDS.

James I. White advises that they are doing a good business in the recent established soft drink and mineral water works at Crab Orchard. The medical water used in putting up their product is proving a drawing card.

While Mt. Vernon was talking over telephone to Brodhead Monday night New York by late improvements, was holding a telephonic conversation with Denver, Colorado, over a distance of 2,000 miles, the longest ever accomplished heretofore. San Francisco will be included this year in a talking circuit with New York. There are 87,000 poles in line between New York and Denver.

Nicknames stick closer than a brother. All communities and localities have many nicknamed citizens who go through life with this added lead to carry. Among the few gifts to Mt. Vernon and neighbor boys appear the following: Dingbat, Clint, Dave, Windy, Bum, Elie, Jeff, Muti, Dyke, Hank, Chink, Butto, Tipaddo, Plooch, Pileh, Tyro, Keg, Lettuce, Heck, Joab, Wild Bill, Judge, Colonel, Major, Leather, Hominy, Dago, Shorty, Cheese, Thrifty, Hotfoot, Spider, Buckeye, Yinkup, Bateye, Coal Oil Johnny, John Dog, Fussy, Wampus, Butch, Scroggins, Flat, Polks, Irishman, Hezzie, Hudy, A number of them accept and answer these nicknames while others are touchy on the subject.

The evangelistic services which started in the Presbyterian church on Tuesday night of this week, are proving very attractive. The crowds are on the increase, and the people of the community are thoroughly enjoying the inspiring music and practical sermons afforded by the meetings. The evangelist, Rev. B. H. Conley, is a man of pleasing personality and a preacher of power. The splendid singing each night by and under the leadership of Rev. C. T. Michl, adds much to the services. We are glad to welcome two men of such type to our town. The meetings will be held each night during the remainder of the week and on Sunday morning in the Presbyterian church. A children's service will be held in the Presbyterian church Sunday afternoon, and the preaching Sunday night will probably be at the court house. Later announcements will be made regarding the services next week.

Mt. Vernon is in the midst of as big a muddle over its trustees as it is possible to get. In Nov. 1909, A. H. Hamlin, J. T. Meadows, E. B. Brown, E. B. Cox and F. R. Asher were elected trustees. In April 1910 Brown and Cox resigned, and the remaining members of the board claiming the right to fill vacancy, and not the County Judge, named R. B. Mullins and Jonas McKenzie to fill the vacancies. In Nov. F. R. Asher resigned and the board named D. C. Poynter in his place. Things moved along very well until the special privilege tax was levied, when the board was enjoined from collecting, on the ground that it was an illegal board. The demurrer to the original petition being over-ruled at the last term of court, the case now stands for trial on its merits. On yesterday Cox and Brown who resigned to the board in April 1910 claiming that the board of trustees did not have the right to accept their resignation, and again took the oath. F. L. Thompson was appointed by the Judge to fill Asher's place, and M. B. Salin was named as clerk. So Mt. Vernon has two sets, or a part of two sets of trustees. Both sets will no doubt try to do business and what the result will be only time can tell.

Why so many songs and poems have been written about dreams is a question that has never been definitely settled. Still, every new song on the subject that has literary merit and a pleasing melody meets with public approval. "The Vale of Dreams", a new song by Chas. E. Baer and Johann C. Schmid, is at present very popular in New York and Boston. In fact, it was in Boston that it first attained popularity, by its rendition at a Boston Conservatory concert. A young contralto made her debut and instantly became famous by her rendition of "The Vale of Dreams". It is really a high-class ballad, and far above the average popular song. The publishers, Jerome H. Remick & Co., have of late years devoted considerable money and energy in trying to raise the standard of popular songs, and "The Garden of Roses", by the same composers, also a high-class ballad, has actually out sold any of the popular songs

in their catalogue.

Music taste is improving, and while the people still love the rollicking songs of the vaudiville stage, they welcome the better class of songs in their homes. The first part of "The Vale of Dreams" opens in a minor key, leading up to the refrain in major. Mr. Bert Sheridan, of the celebrated Rolifonians, is singing this song nightly to big applause.

CHORUS.

Meet me in the vale of dreams; by the summer sea;
There love's star forever gleams, dear,
Gleams for you and gleams for me.
There our hearts will find repose,
'Neath the moon's fair beams
Meet me there beside the rose,
In the vale of dreams.

Everybody who has given the matter any attention realizes that Kentucky is lagging woefully behind the other States in the matter of good roads and public school education. For this reason every candidate for State office who has made a speech or has promulgated a platform declares for better roads and better schools. This, however is a mere platitude and even a fool would not declare for bad roads and worse schools. The people of Kentucky, both Democrats and Republicans, have a reasonable right to expect of candidates for State office, especially for Governor, that they would not stop with a simple declaration for better roads and schools, but that they would be able to tell just why we have worse roads than almost any State in the Union and why Kentucky is nearly at the bottom of the column of States in the matter of public school education, and at the same time offer a constructive platform as how to meet these deplorable conditions and correct them.—Elizabethtown News.

NOTES FROM MEADOWBROOK FARM

By William Pitt

Look out for mites. Select seed corn early. The cow never tires of silage. Don't put a sick fowl in a coop with healthy ones. Scraps from the table will help to reduce the feed bills. Old corn is the best feed until the new gets well cured out. Every corn grower should test every ear of seed corn this year. In buying a cow the first thing to do is to look well into the breed. Green-cut bone must not be confused with ground bone or bone meal. A great deal of interest is being manifested these days in the small farm. Horses, hogs, pigs and calves eat silage and thrive on it as well as does the dairy cow. The milk from a cow in a poor run-down condition is certain to be correspondingly poor. Every orchard ought to be planted in checks to admit of clean cultivation with the smallest amount of hoeing. On the average farm, fifty hens bring as big returns as the best cow in the herd with less feed and care. Many times, one hill will produce six eight-ounce potatoes; which is at the rate of 520 bushels per acre. Chicken-eating sows are said to be cured by a tablespoonful of baking soda in slop three times a day for a week. The cream separator, the silo and the manure spreader should find a place in the equipment of every dairy farm. The feeding of clover hay to poultry is a very simple matter and can be successfully done by any farmer or poultryman. Scales are a good thing for a man to have. They enable him to know just what he has to sell and also what he buys. Ewes that go into their winter quarters in an unthrifty and low flesh condition cannot bring good vigorous lambs in the spring. There is often a tendency on the part of beginners to increase their herds too rapidly. Better go slowly and breed only the best. A variety of crops certainly adds to the pleasure of living, if he can have on his table the early strawberries and the late blackberries. Go carefully over your farming scheme as you worked it last season try to discover the weak spots and set to work to remedy them. If you have plenty of pasture and milk, that real calf will make nice baby beef this fall late, either for market or for the home meat supply. It is estimated that 90 per cent of the poultry product of the country comes from the farm, and that the value of these is close to \$300,000,000 yearly. A few drops of tincture of iron in the drinking water makes an excellent spring tonic for the poultry. It tones up the system and makes rich, red blood. While there is more or less prejudice against the use of rye as food for farm animals, it forms a valuable addition to oats and barley for live stock in Germany. The matter of keeping records is important. The farmer should be able to take account of stock at the beginning of every year, the same as any merchant does. If we neglect the hen houses this spring (all they are alive with lice and mites, we deserve the consequences. It will take but a few minutes to clean it out thoroughly and not much longer to soak roosts, boxes and everything else with kerosene. A coat of whitewash can be put on almost as quickly, and good dry clean earth shoveled in when the filthy floor has been cleaned out. Follow this kerosene business up every ten days or so for a time and it will be a pretty tough house or mite that stays around such a place. For soreness of the muscles whether induced by violent exercise or injury Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by Chas. C. Davis.

COMPOUND CALLOUSES

Tells Splendid Cure for Them and All Foot Troubles.

A compound callous is the secondary stage when it grows inward and presses on the nerves, causing intense pain. Callouses never cure themselves but always get worse, sometimes irritating the whole nervous system. The following is a most effective and speedy cure: "Dissolve two tablespoonfuls of Calocide in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) The soreness will disappear immediately and the callous can be easily peeled off. Repeat this for several nights. A little olive oil rubbed into skin is very beneficial."

This Calocide is a very remarkable preparation for all foot ailments. Bunions, corns and ingrowing nails get instant relief and are soon cured. Bad smelling and sore feet need but a few treatments. Calocide is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually enough to put the worst feet in fine condition. It will prove a blessing to persons who have been vainly trying ineffectual tablets and foot powders.

BUSINESS MAN.

William Addams, Candidate of Governor, is a Business Man. Dis-ussed by Editor Hodgenville Herald

(From Hodgenville Herald)

We are informed that Hon. William Addams, candidate for the Democratic nomination for Governor, is a business man of undoubted integrity, honest and upright in his business dealings, and that he is intellectually equipped to cope with any problem that may present itself in the management of either public or private affairs. It has long been proven that the honest business man, who is capable of the successful management of his private affairs, is also capable of the successful management of public affairs. The habit of office seeker and professional politician is usually to much absorbed in promoting his own selfish affairs to give the people that full measure of service promised in his oath of office. Kentucky needs a business man in the Governor's chair at Frankfort for a few years. There is a lot of work to be done—a lot of things to undo. "Doing" and "undoing" will keep a business man busy all the time during his four years' term of office. The Herald unhesitatingly says that it believes he will, if nominated and elected, give the people of the State a wise, conservative and business administration and he will employ himself constantly in "doing" and "undoing" for the betterment of Kentucky. And another thing—Mr. Addams can win in November.—Adv.
